

IMPORTANT! Please Read Before Installing Software!

Installation Instructions for Wyldfyre 7

- NOTE: You may still install from a Version 6.0 CD, and you will be automatically upgraded to Version 7.0.
- Wyldfyre 7 uses the **SITE CODE: NTREIS** (upon installation you will be asked for this) WyldFyre does not require an IP Address, DNS Address, or Server Type Number.
- **When prompted for a User Name and Password, use your Agent ID (i.e. Real Estate License Number) and NTREIS Listings Password. Password is case sensitive.**

CMA, Buyer's Tour, Flyers, and Maps are included with Wyldfyre 7. A separate Serial Number and Key are **not** required for these modules. The Contacts, Neighborhood Report, and Campaign Manager modules are available through eNeighborhoods. To view the pricing for Contacts, Neighborhood Report, and Campaign Manager and how to access these modules, start with the opening screen on WyldFyre7 and click on 'Website', followed by 'My eN' and then 'Flex Pricing'.

Number of installs allowed per CD:

- The Agent Version of Wyldfyre 7 has 5 installs.
- The Office Version of Wyldfyre 7 has 20 installs.

Using Wyldfyre 7

- Wyldfyre 7 installs in C:\Program Files\WyldFyre>Listings.
- After Wyldfyre 7 is installed, CMA, Buyer's Tour, Flyers, and Maps will have to be downloaded.
- Tax is available in Wyldfyre 7

Note: The **Serial Number, Key, and Site Code** are located on the outside of the software package. DO NOT discard the packaging and this information. The Serial Number and Key have to be entered EXACTLY as they appear on the label.

Support Contact Information

Please contact your Local MLS Provider for assistance. For a list of MLS Providers go to www.ntreis.net, and from the homepage, click on "MLS Providers. Additionally, you may access the "Getting Started with Wyldfyre 7" Guide under the Technical Support section of the NTREIS website.
