

# POCKET REAL ESTATE™ WIRELESS QUICK START GUIDE

## Installation

### Step 1:

Verify that your mobile phone or wireless device is capable of connecting to the Internet.

### Step 2:

If you are using a mobile phone, confirm that you are signed up for data service with your wireless carrier. Please contact your wireless carrier if you are having difficulty connecting to the internet on your device.

### Step 3:

Determine the Method of Access that will work best for you.

- a. If your mobile phone or wireless device has an Internet browser installed on it, start your browser and go to <http://prewireless.com>. You should then bookmark or save this site as a favorite so you can access it in the future without having to type it in again.
- b. If you are using a mobile phone or wireless device which uses the Palm OS, we recommend that you install the Palm OS Launcher from the Pocket Real Estate Wireless CD-ROM or download the latest version from the website. The next time you perform a Hotsync, you will have a new icon, which will start your Pocket Real Estate Wireless service.
- c. If you are using a mobile phone or wireless device which uses the Pocket PC or Windows Mobile OS, we recommend that you install the Pocket PC Launcher from the Pocket Real Estate Wireless CD-ROM or download the latest version from the website. The next time you perform an ActiveSync, you will have a new icon, which will start your Pocket Real Estate Wireless service.

## Logging In

### Step 1

The first time you go to <http://prewireless.com> you will see a screen that asks you to configure your device. Select Configure or OK.

### Step 2

You will then see the License Configuration screen. You will need to enter your Pocket Real Estate Wireless License ID and Password (License: 196946 Password: 358496) and your MLS Agent ID and MLS Password (which you obtained from your MLS/ Board). Once you fill in all fields, select "Submit".

### Step 3

If your login is successful you will see a screen that confirms that you are logged in. Select "OK" to view Main Menu.
